Pea Ridge.

Our farmers have been hauling and threshing wheat.

Mr. Burge preached at the schoolhouse last Sunday, and will preach at the same place on the fourth Sunday in August.

Pea Ridge Sunday-school seems to be a success as far as attendance is concerned, and there would certainly be a large increase in scholars if we had enough teachers. Last Sunday there was an extra large attendance and but few teachers not enough for the number of classes.

Mr. and Mrs. George Childs and Mr. and Mrs. Wright, of Beech Ridge, visited the Ridge and attended school last Sunday.

A book has been going the rounds of the Ridge so dilapidated, being literally read to pieces. It is called "Ten Men of Mystery" and is a publication in the interest of the People's Party. It is very ingeniously written, though obviously unfair, containing as it does a bitter denunciation of the creditor class. Its principles seem to be two in number: 1. Everything is wrong. 2. We are the fellows to set them right.

Mrs. George Kerakale, of Lexington, who has been visiting her brother, Mr. John Edge, returned home last Monday.

The ROUNDABOUT's kindly obituary of the late Jethro Robinson has been read with interest and commented on by our people. He was a man that everyone liked; the Scribe never heard any one say a harsh or unkind word concerning him, and it would be selfish for any one to claim him as their friend, for he was every-one's friend.

The recent disastrous explosion on the Branch place, recorded in last week's ROUNDABOUT, by which those two unfortunate young men, Sanders and Force, lost their lives, is certain to be followed by a still more disastrous explosion in some part of the county. So many people have carried loaded shells away from the scene of the explosion as relics, some of which are being used as mantel ornaments, trifles, &c., &c. Close Observers have remarked that wrecks, fires and tragedies occur in series of which the first was a mere trifle compared with those that followed. The first explosion being in an open field, the second in a house, the next being in a house will slaughter whole families. The time is right soon and the place is (with sorrow the Scribe records it) not far from Pea Ridge.

Are You in It?

If not, why not? Why don't you always keep on hand a bottle of Dr. Hale's Household Cough Cure to allay the first irritation caused by a sudden cold? It is the best medicine in the world for every kind of cough. You feel the good effect of the first dose, and by thorough using your cough is soon cured. 25 and 50c. bottles at Carpenter's South Side Drug Store.

Teaching at Switzer.

Miss Mary Morris, who was an assistant teacher in the public school of this place last year, was chosen principal of the district school at Frankfort, Frankfort County. The Switzer district is quite a large one, and an assistant teacher is also employed. This school opened on Monday last. Miss Morris is an excellent lady and a competent teacher, and we do not doubt that she will give entire satisfaction to the patrons and trustees of the school.—Midway Clipper.

Is Your Nerve Steady,

Lexington Letter.

LEXINGTON, KY., July 26th, 1892.

Editor Roundabout:

In the business men of Frankfort were to see the splendid, smooth, clean, paved streets in this city, they would unite in a demand for paved streets in Frankfort.

Certainly Mayor St. Clair and a part of the business men of Frankfort would unite in a demand for paved streets in Frankfort. Of course it would cost, but it would be much cheaper than our present streets. The Standard Construction Company of Lexington guarantees their work and stands in repair for five years. Their work here needs no recommendation, it only needs to be seen. Frankfort annually

No Substitutes

For Royal Baking Powder. The "Royal" is shown by all tests, official, scientific, and practical, stronger, purer, and better in every way than all other Baking Powders. Its superiority is privately acknowledged by other manufacturers, and well known by all dealers.

If some grocers try to sell another baking powder in place of the "Royal," it is because of the greater profit. This of itself is good evidence of the superiority of the "Royal." To give greater profit the other must be a lower cost powder, and to cost less it must be made with cheaper and inferior materials, and thus, though selling for the same, give less value to the consumer.

LOOK with suspicion upon every attempt to palm off upon you any baking powder in place of the "Royal." There is no substitute for the "Royal."

spends on streets money enough that in five years would make our streets equal to Lexington's.

Last night a number of them were offered at public sale and the remainder will be closed out to-day. Go over and purchase a handsome ornament for your home.

From a Blast.

A blast set off in the quarry at the west end of the railroad bridge, yesterday morning, threw a large stone clear up to High View, which alighted on the roof of Mrs. Lucy J. Connor's residence, breaking a large hole in the same. This is the second or third time that the same thing has happened, and it is becoming monotonous, as the lives of the inmates of the house are constantly in danger. The loads should be made lighter, or care taken to see that the rocks do not fly so high.

The funeral will take place this morning at 9 o'clock from the Church of the Good Shepherd.

The Legislature having failed to pass the charter of cities of the third class, which will put in force the provisions of the Constitution in regard to municipal elections, it is the opinion of the Attorney General that the election for Marshal this year must be held under the old law.

Powers fell from the roof of a house in West Des Moines, Iowa, and sustained a fracture and a dislocation of the wrist, which he cured with one bottle of Chamberlain's Pain Balm. DIXIE'S FAVORITE. FOR THE WOODS OF THE SOUTH IT HAS NO EQUAL.

The patent by which this saw is processed consists of a depression or groove in the cutting teeth through the center from point to base, thus removing all friction while in use, giving strength and stiffness to the teeth and increasing three-fold the durability of the "set." WE CHALLENGE THE WORLD to produce a saw equaling the ATKINS FAST CUTTING DEXTER.

PRICE: Silver Steel, including Handles, \$1.00 per foot.
Special Steel, without Handles, .75 per foot.

BEWARE OF IMITATIONS.

The large demand for the ATKINS CONCAVE TOOTH DEXTER SAW has led competitors to make inferior Saws which they claim are good. These inferior Saws are made from a lower grade of steel. Inferior workmanship, and without the patent concave tooth.

Ask your hardware dealer for the "ATKINS DEXTER" and take no other. If the dealer will not order it for you, remit amount with order direct to us.

A Plucky Driver.

Mrs. Polk-South and her four children were coming into town from their home on the Versailles pike, yesterday afternoon, about 3 o'clock, in a surrey, and about the top of Arsenal Hill the horse they were driving took fright and ran away. Her son Lindsay, a little fellow about 13 years of age, was driving and held manfully to the reins, keeping the horse in the middle of the road, and the balance of the occupants of the vehicle had sufficient presence of mind to keep their seats. They dashed down Main street at break-neck speed, every man they passed on the way attempting to stop the horse, but the many little driver sat like a statue, with his feet firmly planted against the dashboard and safely steered the frightened animal past every obstacle.

On they went until Wilkinson street was reached, by which time the horse had begun to slow up and Lindsay made the turn of the corner without accident, succeeding in stopping the horse near the residence of Hon. W. J. Chinn. By this time a number of gentlemen who had followed the flying surrey down the street, arrived on the ground, and persuaded Mrs. South and her daughters to get out of the vehicle, but Lindsay held on to the lines, declining to yield them to anyone, and with Messrs. Ben Marshall and Fred Gordon seated on the back seat, he drove off and rushed the thoroughly fatigued mare around the street until she was willing to step when he said so. He was as cool as a block of ice, and said he intended to drive the mare as long as there was any run in her.

Fortunately the harness and vehicle held together and no damage was done to any of the occupants, further than giving them an exciting experience on a warm day.

The Occultist.

Prof. Louis Landman, the eminent Occultist, is at the Kenyon Hotel, and if your vision is imperfect you should call and let him fit a pair of glasses for you. He does his work on scientific principles, and, if they will secure a pair of his glasses, they will improve your impaired vision. He will call at your residence if you prefer not to go to the hotel, and will make examination of your eyes free of charge.

The following people of this city are using Prof. Landman's glasses and they pronounce them the best they have ever used, viz: Mrs. Dr. Williams, Dr. Lucy, Dr. Thompson, Mr. and Mrs. S. T. Fortune, Mrs. Arch Overton and many others.

To Versailles.

On account of Fair at Versailles, Ky., the L. & N. R. will, on August 3d, sell round trip tickets to Versailles, Ky., good to return until and on August 6th, at 76 cents. Special trains will be run on above date from Midway to Versailles and return.

Licensing Engineers.

The question of licensing engineers is being so agitated in our State that, unless there is within a short time for the protection of human lives, it will be impossible for any one intrusted with steam to hold or secure a situation without passing a rigid

examination and obtaining a license. Stephenson's Illustrated Practical Test has been published to aid engineers in preparing to pass such examination, as it is published in the questions asked on the Boiler, Pump, Engine, Dynamo, Corliss Engine, &c., it has already met with such a demand that it is now in its fourth edition. The price, which is \$1.00, can be obtained at the publisher, Walter C. Kraft, 70 La Salle Street, Chicago.

Rare Opportunities.

Is She a Witch.

The following story, which comes from Greenup, this State, if true, shows that a young lady of that country possesses a wonderful power.

A young lady, handsome and indolent, was making claims to witch and claims to be able to name the witches that have been supposed to exist for ages. There seems to be something supernatural about Alice Sunderland, as she manifests peculiar powers, which are demonstrated here Sunday. She can travel miles from town, and while here this morning attracted much attention by her peculiar actions and talk.

She was well dressed, of fine appearance, and upon starting for home declared she would be home before night. She would meet a man driving five yoke of oxen, that upon her approach the cattle would begin lowing and as she passed them they would lie down and refuse to stand, as if by the lash of the driver. She was followed home to a house about a half mile to the hill by several of the citizens of the town, who upon reaching the crest of the hill were much surprised to find a team of cattle as would be found in a fair. Greater was their astonishment, upon coming closer, to hear the mournful notes of the oxen lowing, and as Alice passed them by they assumed a receding position and refused to get up, though the whip was plied by the driver unmercifully.

After a short time she passed back, and in an unintelligible tongue spoke some words, whereupon the animals arose and started off. She then told the people she would stay and accompany her a short distance further, they would perceive seven cows feeding in a pasture; that upon seeing them they would approach the road and be milked by invisible hands; in this manner she would pass all day, as though they had lost their calves.

The crowd eager to witness this further manifestation of her power, followed her a mile, when they looked and beheld the seven kine pasture in a field by themselves. She began calling them and they approached near the fence when she began a peculiar chant, and told the crowd to notice that the milk was up. The persons who vowed for the day, the cows, after being milked dry by some invisible power, walked away, and the young lady, announcing that her power for the day was exhausted, proceeded on her way homeward, while the crowd returned to town, scarcely being able to credit their senses, and wondering muchly at what they had seen.

SEPAR. Cow - The person who lost a dry Alderney cow, with horns shorter than the other and ring and hole in the right ear, can hear of her whereabouts by calling and paying for this notice. The party has had her for two weeks and wants the owner to come and take her away.

Far Worse.

Alarmed Wife—James, there is a rough looking man sneaking around the house with a box shaped thing in his arms! Telephone for the police!

Capitalist (peering cautiously out of the window)—It will be too late. He is on the steps of the back porch!

Wife (terror stricken)—Is it an infernal machine, James? Is it a box of bombs?

Capitalist (with ashy face)—Worse. Heater! It's a hand organ!—Chicago Tribune.

The Road to Wealth.

A Brussels paper recently contained the following announcement: "A splendid living insured to all. Easy method of earning 6,000 francs per annum. Full details sent post free on receipt of a postal order for five francs. Address Y. Z. Posts, restante."

An innocent party sent the amount required. He received by next post a reply as follows: "Do as I do!"—Patriote.

Thus the Farmer Sows His Seed.

Traveler—Much game in the neighborhood?

Inhabitant—Nawp; none at all.

Traveler—Well—er—then it's a dangerous locality—see you carry a gun?

Inhabitant—Oh, that's what we use for planting—ground is so hard we have to shoot the seed in.—Amateur Sportsman.

Experience.

At a Second Class Restaurant—Waiter, this beefsteak is not edible; you don't know how to fry meat. I shall have, per bacco, to give you a few less sons.

"Perhaps the signature la a cook?" "No. I am the manager of a crematorium."—Motto per Rider.

French or German.

Lady—The child is a little Frenchman, is he not?

Nurse—I don't know myself what to call him. His mother is a French lady, but his father is a German.

Lady—In that case we shall have to wait till he can talk; then we shall see. —Lesballe.

Careful About His Diet.

"That's something I never eat for dinner," said a man in a Spring lane restaurant.

"What's that?" asked his friend. "Breakfast," was the absentminded reply.—Boston News.

The Fly in the Ointment.

Jake—it's getting to be too hard work to pluck a living in this country. If it ain't so, we'll have to go to Central America. And don't you do to nothing there. Whole country's covered with bananas. Nothin to do but lay under a tree all day an eat bananas.

Rusty Rufe—Got to pick 'em off the trees, han't ye?

"Course."

"I knowed ther wuz some drawback."—Chicago Post.

Admitted the Facts.

Newspaper editors have to be very careful in opening their columns for statements. But aware that the Dr. Miles Medical Co. are responsible, we make room for the following testimonial from Dr. Miles:

Ind. — For two years now nothing a stoppage or skipping of the pulse, his left side got so tender he could not lie on it, his heart fluttered, he was alarmed, went to different doctors, found no relief but at last with Dr. Miles' "Heart Cure" cured him. The elegant book, "New and Startling Facts," free at J. W. Gayle's. It tells all about heart and nervous diseases and many wonderful cures.

The following resolution was offered by Councilman Shaw:

Whereas, J. W. Gayley, in accepting the office of City Assessor for the year 1892, did so at considerable sacrifice to his private interests; and whereas, said Kirtley has made a full,

fair and faithful assessment of the property in the city of Frankfort, now therefore be it

Resolved by the Board of Councilmen of the City of Frankfort:

That J. W. Gayley be, and is hereby, appropriated to said Kirtley out of any money in the City Treasury not otherwise appropriated, as an additional compensation for his services as City Assessor for his services, as City Assessor to the City Clerk, and, who, when he was directed to draw his warrant on the Treasurer in favor of said Kirtley for said amount of \$100. Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Gorton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could not be cured. I sought and found myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. Gandy's New Discovery for Consumption, and I followed his advice. I gave it a trial, took, in all, eight bottles. It has cured me, and God I am now a well and hearty woman." Trial bottles free at Phil. Carpenter's Drug Store, regular sizes 50c. and \$1.00.
